CERTIFICATE OF ACCREDITATION

This is to attest that

BENCHMARK HOLDINGS, LLC

2710 WEST 5TH AVENUE
EUGENE, OREGON 97402

Product Certification Agency PCA-109
Third-party Certification Body

has met the requirements of the IAS Accreditation Criteria for Product Certification Agencies (AC370) and has demonstrated compliance with ISO/IEC Standard 17065 (2012), Conformity assessment - Requirements for bodies certifying products, processes and services. Benchmark Holdings, LLC has been accredited, commencing November 18, 2016 to provide third-party product certification services listed in the approved scope of accreditation. The scope of accreditation details categories of certification and elements, including type, range, methods or procedures.

This accreditation certificate supersedes any IAS accreditation bearing an earlier effective date. The certificate becomes invalid upon suspension, cancellation or revocation of accreditation. See <http://iasonline.org/More/search.html> for current accreditation information, or contact IAS at 562-364-8201.

Note: The product certification used most closely resembles a product certification scheme type 5 as described in ISO/IEC 17067 (2013), Conformity assessment – Fundamentals of product certification and guidelines for product certification schemes.

Scheme Type 5

The surveillance part of this scheme allows for the choice between periodically taking samples of the product either from the point of production, or from the market, or from both, and subjecting them to determination activities to check that items produced subsequent to the initial attestation fulfil the specified requirements. The surveillance includes periodic assessment of the production process, or audit of the management system, or both. The extent to which the four surveillance activities are conducted may be varied for a given situation, as defined in the scheme. If the surveillance includes audit of the management system, an initial audit of the management system will be needed.
