

# CERTIFICATE OF ACCREDITATION

*This is to attest that*

## **BENCHMARK HOLDINGS, LLC**

2710 WEST 5<sup>TH</sup> AVENUE  
EUGENE, OREGON 97402

Product Certification Agency PCA-109  
Third-Party Certification Body

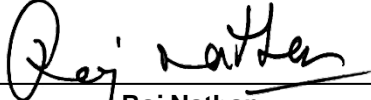

has met the requirements of the applicable provisions of AC370, *IAS Accreditation Criteria for Product Certification Agencies*, has demonstrated compliance with ISO/IEC Standard 17065:2012, *Conformity assessment - Requirements for bodies certifying products, process and services*. This organization is accredited to provide the services specified in the scope of accreditation maintained on the IAS website ([www.iasonline.org](http://www.iasonline.org)).

*This certificate is valid up to June 1, 2020.*

This accreditation certificate supersedes any IAS accreditation bearing an earlier effective date. The certificate becomes invalid upon suspension, cancellation or revocation of accreditation. See [www.iasonline.org](http://www.iasonline.org) for current accreditation information, or contact IAS at 562-364-8201.

  
Raj Nathan  
President

# SCOPE OF ACCREDITATION

IAS Accreditation Number:	PCA-109
Company Name:	Benchmark Holdings, LLC
Address:	2710 West 5 <sup>th</sup> Avenue Eugene, Oregon 97402
Contact Name:	Chris Battin, Quality Manager, BMH-BMI
Telephone:	(541) 484-9212
Effective Date of Scope:	March 26, 2020
Accreditation Standard:	ISO/IEC 17065:2012

## CATEGORIES of CERTIFICATION

### BUILDING AND CONSTRUCTION PRODUCTS

#### WOOD PRODUCTS

Blockboard, Laminboard, and Veneer Plywood to EN 314-2 Standards

Composite Products

Engineered Flooring

Hardboard

Hardwood and Decorative Plywood to ANSI and ANSI/HPVA Standards

Medium Density Fiberboard

Oriented Strand Board (OSB)

Particle Board

Structural Plywood

Wood Structural Panels

#### FORMALDEHYDE EMISSIONS FOR COMPOSITE WOOD PRODUCTS

Certification under CAN/CSA-0160-16

Certification under California Air Resources Board (CARB) ATCM 93120 Standards

Certification under 40 CFR PART 770 — Formaldehyde Standards for Composite Wood Products (EPA TSCA Title VI)

#### SUSTAINABILITY FOR COMPOSITE WOOD PRODUCTS

Composite Wood Sustainability Standards (STND-CWSS-001)

#### VOC GREEN CERTIFICATION FOR FURNITURE & BUILDING PRODUCTS

Certification under California Department of Public Health (CDPH) EHLB V1.2-2017

Certification under ANSI BIFMA M7.1

Certification under ANSI BIFMA E.3 SECTIONS 7.6.1 – 7.6.3

Certification under ANSI BIFMA X7.1 SECTIONS 4.2.1 and 4.2.2

**Note:** The product certification used most closely resembles a product certification scheme type 1b (may apply for VOC Green Program) and type 5 as described in ISO/IEC 17067 (2013), Conformity assessment — Fundamentals of product certification and guidelines for product certification schemes.

# SCOPE OF ACCREDITATION

## **Scheme Type 1b**

This scheme type involves the certification of a whole batch of products, following selection and determination as specified in the scheme. The proportion to be tested, which can include testing of all the units in the batch (100% testing), would be based, for example, on the homogeneity of the items in the batch and the application of a sampling plan, where appropriate. If the outcome of the determination, review and decision is positive, all items in the batch may be described as certified and may have a mark of conformity affixed, if that is included in the scheme.

## **Scheme Type 5**

The surveillance part of this scheme allows for the choice between periodically taking samples of the product either from the point of production, or from the market, or from both, and subjecting them to determination activities to check that items produced subsequent to the initial attestation fulfil the specified requirements. The surveillance includes periodic assessment of the production process, or audit of the management system, or both. The extent to which the four surveillance activities are conducted may be varied for a given situation, as defined in the scheme. If the surveillance includes audit of the management system, an initial audit of the management system will be needed.
